***“If you’re not in
- you’re out”***

THL 2021 back as member of NordClass cooperation

It really makes a difference to be in:

- You can influence the outcome,**
- You can cooperate on a deeper level from within,**
- You can get your leading key experts assigned to significant roles within international incentives,**
- Your experts will have the possibility to gain additional recognition within international cooperation than on their own.**

Therefore you will achieve significantly better results and outcome than doing it on your own.

So, as a conclusion:

“Good to be back in again!”
